- (a) The village shall establish an appropriate accounting mechanism for ensuring that the fees collected are appropriately earmarked and spent for each type of capital improvement for which an impact fee is imposed. Where the village council has designated benefit areas, there shall be a separate impact fee accounting for each benefit area. The impact fees collected shall be deposited in each such account according to type of improvement (and benefit area if relevant). The funds of each impact fee account shall not be commingled with other funds of the village.
